6.3. The Operator also processes technical information. Technical information means information that is automatically transmitted to the Operator in the course of using the Service, namely:

- IP address;
- Internet browser;
- other information of a technical nature that is not personal data.

7. TRANSFER OF PERSONAL DATA

7.1. The Operator transfers Personal Data to third parties in the following cases:

- consent to such actions has been obtained from the Personal Data Subject;
- the transfer is provided for by Russian or other applicable legislation within the framework of the procedure established by legislation.

7.2. The list of persons to whom Personal Data is transferred is established by the consent to the processing of Personal Data granted by the Personal Data Subject, or by the mandatory norms of applicable legislation.

7.3. Provision of the Subject's Personal Data at the request of state bodies (local self-government bodies) is carried out in the manner prescribed by the legislation of the Russian Federation.

7.4. When collecting Personal Data, including through the information and telecommunications network Internet, the Operator ensures the processing of Personal Data of citizens of the Russian Federation using databases located on the territory of the Russian Federation, except in cases specified in the Personal Data Law.

7.5. The Operator does not independently carry out cross-border transfer of Personal Data.

8. UPDATING, CORRECTION, DELETION, DESTRUCTION OF PERSONAL DATA, RESPONSES TO SUBJECTS' REQUESTS FOR ACCESS TO PERSONAL DATA

8.1. Procedure for considering Subjects' requests:

8.1.1. Confirmation of the fact of Personal Data processing by the Operator, the legal grounds and purposes of Personal Data processing, as well as other information specified in Part 7 of Article 14 of the Personal Data Law, are provided by the Operator to the Subject or his representative within 10 working days from the moment of application or receipt of the request of the Personal Data Subject or his representative. This period may be extended, but not by more than five working days. To do so, the Operator must send the Subject a

reasoned notification indicating the reasons for extending the period for providing the requested information.

8.1.2. The information provided does not include Personal Data relating to other Subjects, except in cases where there are lawful grounds for disclosing such Personal Data.

8.1.3. The request must contain data allowing the Subject to be identified, and the Subject's signature, and, if the request is signed by the Subject's representative, a document confirming his authority.

8.1.4. The request may be sent in the form of an electronic document and signed with an electronic signature in accordance with the legislation of the Russian Federation.

8.1.5. The Operator provides the information specified in Part 7 of Article 14 of Personal Data Law to the Subject or his representative in the form in which the relevant application or request was sent, unless otherwise indicated in the application or request. If the application (request) of the Subject does not reflect, in accordance with the requirements of the Personal Data Law, all necessary information or the Subject does not have access rights to the requested information, he is sent a reasoned refusal.

8.2. The Subject's right to access his Personal Data may be restricted in accordance with Part 8 of Article 14 of the Personal Data Law, including if the Subject's access to his Personal Data violates the rights and legitimate interests of third parties.

8.3. In case of detection of inaccurate Personal Data upon the application of the Subject or his representative, or at their request or at the request of Roskomnadzor, the Operator blocks the Personal Data relating to this Subject from the moment of such application or receipt of the said request for the period of verification, if blocking the Personal Data does not violate the rights and legitimate interests of the Subject.

8.4. In case of confirmation of the fact of inaccuracy of Personal Data, the Operator, on the basis of information provided by the Subject or his representative or by Roskomnadzor, or other necessary documents, refines the Personal Data within seven working days from the day such information is provided and removes the blocking of the Personal Data.

8.5. In case of detection of unlawful processing of Personal Data upon the application (request) of the Subject or his representative or Roskomnadzor, the Operator blocks the unlawfully processed Personal Data relating to this Personal Data Subject within three working days from the moment of such application or receipt of the request.

8.6. If the Operator, Roskomnadzor or another interested person detects the fact of unlawful or accidental transfer (provision, dissemination) of Personal Data (access to Personal Data) that entailed a violation of the Subject's rights, the Operator:

- within 24 hours – notifies Roskomnadzor of the incident, the presumed causes that led to the violation of the Subjects' rights, the presumed harm caused to the Subjects' rights, and the measures taken to eliminate the consequences of the incident, and also provides information about the person authorized by the Operator to interact with Roskomnadzor on issues related to the incident;
- within 72 hours – notifies Roskomnadzor of the results of the internal investigation of the detected incident and provides information about the persons whose actions caused it (if any).

8.7. Destruction of Personal Data:

8.7.1. Upon achievement of the purpose of Personal Data processing, as well as in case of withdrawal by the Personal Data Subject of consent to their processing, Personal Data is subject to destruction if:

- otherwise is not provided for by an agreement to which the Subject is a party, a beneficiary or a guarantor;
- the Operator is not entitled to process without the consent of the Personal Data Subject on the grounds provided for by the Personal Data Law or other federal laws;
- otherwise is not provided for by the legislation of the Russian Federation.

8.7.2. Personal Data on electronic media is destroyed by erasing it from computer memory or formatting computer memory.

8.7.3. Destruction of documents (paper media) containing Personal Data is carried out by burning, crushing (shredding), chemical decomposition, turning into a shapeless mass or powder. A shredder may be used to destroy paper documents.

8.7.4. Destruction of Personal Data is carried out by a commission created by order of the Operator's General Director.

8.7.5. The period for destruction of Personal Data is 10 working days from the moment of occurrence of one of the events provided for in clause 8.6 of this Policy.

9. MEASURES TAKEN BY THE OPERATOR TO PROTECT PERSONAL DATA

9.1. In accordance with the requirements of regulatory documents, the Operator has created a Personal Data protection system consisting of legal, organizational and technical protection subsystems.

9.2. The legal protection subsystem is a set of legal, organizational, administrative and regulatory documents ensuring the creation, functioning and improvement of Personal Data protection systems.

9.3. The organizational protection subsystem includes the organization of the management structure of the Personal Data protection system, the authorization system, and the protection of information when working with employees, partners and third parties.

9.4. The technical protection subsystem includes a set of technical, software and hardware-software tools ensuring the protection of Personal Data.

9.5. The main Personal Data protection measures used by the Operator are:

1. Appointment of a person responsible for Personal Data processing, who organizes Personal Data processing, training and instruction, and internal control over the Operator's and its employees' compliance with Personal Data protection requirements.
2. Identification of current threats to the security of Personal Data during its processing in Personal Data information systems and development of measures and actions to protect Personal Data.
3. Development of this Policy.

4. Establishment of rules for access to Personal Data processed in Personal Data information systems, as well as ensuring registration and accounting of all actions performed with Personal Data in Personal Data information systems.
5. Establishment of individual access passwords for employees to the information system in accordance with their production duties.
6. Application of information protection tools that have passed conformity assessment procedures in the prescribed manner.
7. Application of certified antivirus software with regularly updated databases.
8. Compliance with conditions ensuring the safety of Personal Data and excluding unauthorized access to it.
9. Detection of facts of unauthorized access to Personal Data and taking measures.
10. Restoration of Personal Data modified or destroyed as a result of unauthorized access to it.
11. Instruction of the Operator's employees directly involved in Personal Data processing on the provisions of the legislation of the Russian Federation on Personal Data, including requirements for Personal Data protection, documents defining the Operator's policy regarding Personal Data processing, and local acts on Personal Data processing.
12. Implementation of internal control and audit.

9.6. Employees holding positions that provide for the processing of Personal Data are admitted to it after signing an obligation on non-disclosure.

9.7. The job descriptions of the Operator's employees processing Personal Data include, in particular, provisions on the need to report any cases of unauthorized access to Personal Data.

9.8. When processing Personal Data, the Operator ensures:

- implementation of measures aimed at preventing unauthorized access to Personal Data and/or its transfer to persons not entitled to access such information;
- timely detection of facts of unauthorized access to Personal Data;
- prevention of impact on the technical means of automated Personal Data processing that could disrupt their functioning;
- the possibility of immediate restoration of Personal Data modified or destroyed as a result of unauthorized access to it;
- constant control over ensuring the level of Personal Data protection.

9.9. The Operator conducts internal investigations in the following situations:

- in case of unlawful or accidental transfer (provision, dissemination, access) of Personal Data that entailed a violation of the rights of Personal Data Subjects;
- in other cases provided for by legislation in the field of Personal Data.

9.10. The employee responsible for organizing the processing of Personal Data exercises internal control over the compliance by employees authorized to process Personal Data with the requirements of legislation in the field of Personal Data and local regulatory acts, and over the compliance of these acts with the requirements of legislation in the field of Personal Data.

9.11. Internal scheduled inspections are carried out on the basis of an annual plan approved by the Operator's General Director.

9.12. Internal unscheduled inspections are carried out by decision of the employee responsible for organizing the processing of Personal Data. The basis for them is information about a violation of legislation in the field of Personal Data received orally or in writing.

9.13. Based on the results of the internal inspection, a report is drawn up addressed to the Operator's General Director. If violations are detected, the document provides a list of measures to eliminate them within the relevant timeframes.

9.14. The Operator uses technical means and software equipment for the processing and protection of Personal Data.

9.15. The above technical means and software equipment for the processing and protection of Personal Data are located in the office and premises of the Operator or in the premises of other persons engaged by the Operator.

9.16. All persons allowed to work with Personal Data, as well as those involved in the operation and technical maintenance of the PDIS, have familiarized themselves with this Policy.

9.17. The Operator has organized a training process on the use of protection tools operated by the Operator. Training in this area has been completed by persons with permanent access to Personal Data, persons operating the technical and software tools of the PDIS and the PDIS protection tools, and persons responsible for the operation of the PDIS information protection tools.

9.18. Employees are obliged to immediately inform the relevant official of the Operator about the loss or shortage of information carriers constituting Personal Data, as well as about the causes and conditions of a possible leak of Personal Data. In case of an attempt by unauthorized persons to obtain from an employee the Personal Data processed by the Operator, immediately notify the relevant official of the Operator.

9.19. When working with the software tools of the Operator's automated system implementing the functions of viewing and editing Personal Data, it is prohibited to demonstrate screen forms containing such data to persons who do not have the appropriate authorization.

9.20. Storage of Personal Data:
